100 grams individual bags of powder or crunchy spirulina. Or 100 vegetarian capsules of spirulina. Both powder and crunchy are packed in a resealable Ziploc bags together with a spirulina information leaflet. The capsules come in a small plastic box.

Whether you take spirulina in powder to drink, crunchy to snack on or caps to swallow, it will give you an incredible dose of concentrated nutrients. It is 60% protein, making it the world's highest known source of protein. Raw meat is only 27% protein. The protein in spirulina contains all eight essential amino acids, making it a complete protein. Spirulina is the world's highest known vegetable source of B-12 with high concentrations of vitamins A, B-1, B-2, B-6, D, E, and K. An absolutely indispensable food supplement - especially for vegetarians and vegans, but not only for them.
